Workshops**

Partnering For Disease Prevention

2014 Regional Immunization Workshops

Provided by the NC Immunization Program

Intended Audience:

Personnel in public and private health care settings that participate in the delivery of vaccines.

Goal:

To ensure vaccine availability and efficacy through appropriate vaccine storage, storage handling and accountability.

Objectives:

Participants will enhance their knowledge and skills of current vaccine management issues by:

- Identifying new CDC and NCIP changes and how they may impact service delivery
- Understanding new Immunization Rules and Requirements
- Understanding appropriate vaccine management and best practices
- Identifying methods to differentiate between provider visits
- Identifying and understanding changes and updates to the NCIR
